OUR HISTORY

The PACE model of care originated in the 1970s in San Francisco, addressing the long-term care needs of immigrant elders from Italy, China, and the Philippines.

OUR GROWTH

PACE in California serves **over 24,000** medically complex older adults. This is **more than 25%** of the number served nationally.

OUR VALUE

In 2024, we estimate the state will pay **\$369.4 million less** than it would have if all current PACE participants were served outside of PACE.
